Pranav Telangade

I am a computer engineering graduate eager to embark on a promising career in the tech industry. With a robust foundation in both software and hardware aspects of computer engineering, I am well-prepared to tackle complex challenges and contribute to cutting-edge projects. My commitment to innovation, coupled with my strong problem-solving skills, positions me as a valuable asset to any forward-thinking organization. I am eager to contribute to innovative projects and work collaboratively within dynamic teams to embark on a successful career in cybersecurity.

Education

B.E. in Computer Engineering

Viva Institute of Technology, University of Mumbai   2019-2023
- CGPI: 8.10/10

Higher Secondary Education, Science

St. Peter's Junior College (Mumbai University)   2017-2019
- HSC (State Board) percentage: 63.69%

Secondary Schooling

Holy Family Convent High School   2017
- SSC(State Board) percentage: 74.20%

Skills

Technical Skills

- **UI/UX Design:**
  Figma, Canva
- **LANGUAGES:**
  C, HTML, CSS, MySQL
- **Cybersecurity, Network Testing, Software Testing, Network administration and systems maintenance.**
- **Proficient at Microsoft Word, Excel, Powerpoint**

Other Skills

- **LANGUAGES SPOKEN:**

  Marathi (Mother Tongue), Hindi, English

- **SOFT SKILLS:**
  Leadership, Team management, Time Management, Event Management, Problem solver, Patient, Creative, Good Learner, Photography.

Certifications

- **Certified in Cyber Security**
  ISC2, Nov 2023
- **Developer Virtual Experience Program**
  Accenture Nordics, Jul 2023
  Credential ID: QqRKT8Jj9Lf5mkihZ   Verify Here
- **Fundamentals of Digital Marketing**
  Google, Mar 2023
  Credential ID: AYT CNR 9NM   Verify Here

Positions & Experience

Positions

- **Student committee head, CSI-VIVA Tech (Computer Society of India)**
  1 Year (2022-2023)
- **Dy. Organising Head, CSI-VIVA Tech**
  1 Year (2021-2022)

Work Experience

- **Design Specialist, Safe Industries**
  6 months (June-December 2022)

Projects

- **Trace The Trail:**
  Trace the trail is an innovative approach to track missing humans using Deep Learning. By feeding a single image into the model and obtaining the output, the model can be used to find and detect missing humans in real-time.

- **MedTechHealth:**
  MedTechHealth is a first aid training app which provides articles on first aid and geo location incase of emergencies.

- **Budget Buddy:**
  BudgetBuddy is a simple Income Tax Calculator for salaried employees. (Used PyCharm, team of 4 members.)

- **English Interpreter:**
  A simple CLI interface for deaf and dumb.

Achievements

- Technical Paper: "A Review on Face Recognition Systems Built using YOLO (You Only Look Once)" published in the IJRPR, Apr 2023.
- Technical Paper on Cyber Warfare presented in Techspark event at Viva Institute of Technology, Apr 2022.
- 2nd prize, "Let me Design it", a UI/UX design competition, Mar 21
- 2nd prize, Hitaishi, Photography Competition, Jan 20
